Order indicates the local health emergency is still in effect (see Additional Links below)	Originally 3/31/20 - 12/31/20 Extended effective 1/1/21 until 2 calendar weeks after the expiration of the local COVID-19 emergency (no new leave entitlement) Changes noted below. While the 3/3/22 and 4/22/22 Health Officer Orders indicate the local emergency is still in effect, the county's public health website directs to CA State 2022 SPSL (see Additional Links below)	Originally 5/12/20 - 12/31/20 Extended for the duration of Oakland's 3/9/20 Declaration of COVID-19 Emergency (no new leave entitlement) Changes noted below. 3/10/22: While the local emergency appears to still be in effect, the city's Resources for Workers site directs to CA State 2022 SPSL (see Additional Links below)	Effective 10/1/22 (permanent)
Employers	Employers with 26 or more employees	500+ employees within the city or 2,000+ employees nationally. Excludes employers of emergency and health services personnel, global parcel delivery workers, new businesses, and businesses closed for 14+ days due to a COVID-19 order. No change under February 10 or June 24 Orders.	All employers in the unincorporated areas of Los Angeles County (original ordinance applied to employers with 500+ employees nationally); excludes federal, state or local government agencies	All employers, excluding those with fewer than 50 employees between February 3 and March 4, 2020 (except for unregistered janitorial employers and franchisees associated with franchisors or franchise networks employing more than 500 employees in total), and government entities	All employers with 100 or more employees worldwide, including the City and County of San Francisco. Excludes the federal government and Non-Profit Organizations (as defined under 26 U.S.C. § 501(c)(3)) if the majority of the annual revenue of the Non-Profit Organization is program service revenue that is not unrelated business taxable income under 26 U.S.C. § 512, and the Non-Profit Organization does not engage in Healthcare Operations (as defined in the ordinance)
Eligible Employees	All employees who cannot work or telework. The law features requirements/entitlements for firefighters and for providers of in-home supportive or waiver personal care services (all as defined) that vary from those described here.	All Employees employed by the same employer between February 3 and March 4, 2020, who perform work within the city and who cannot work or telework. Excludes employees of government agencies working within the course and scope of their public service employment. February 10 Order: Employees who have been employed with the same employer for 60 days, and who are unable to work or telework, are entitled to SPSL (no change in 6/24/21 Order).	All Employees performing work in the unincorporated areas of the county who cannot work or telework. Excludes food sector workers covered under California Supplemental Paid Sick Leave (Executive Order N-51-20) for the period of 3/31/20-12/31/20. Employers may exclude emergency responders and healthcare workers	All Employees who have worked at least 2 hours in the city after February 3, 2020, and who cannot work or telework Employers may exclude first responders and healthcare workers (documentation requirements apply)	All employees who perform work within the geographic boundaries of the City and County of San Francisco. Employers may limit PHEL use by employees who are healthcare providers or emergency responders unless the employee's need for leave is (1) based on advice by a healthcare provider to isolate or quarantine; (2) due to symptoms or medical diagnosis of a disease associated with the PHE and does not meet official guidance to return to work; or (3) during an Air Quality Emergency if the employee is part of a vulnerable population, primarily works outdoors and has been advised by a healthcare provider not to work. PHEL may not be used for reasons (1) and (3) if the employee is able to telework.
Collective Bargaining Agreement Exception	Not specified	CBA w/COVID sick leave provisions supersedes ordinance; one without must comply until CBA expressly waives	If bilaterally modified to waive	With expressed clear waiver	With expressed clear waiver
Benefit - time available	- FT or scheduled to work at least 40 hours in each of the 2 weeks preceding leave: 40 hours* - PT or normal weekly schedule: the number of hours normally scheduled during a 1-week period* - Variable schedule: 7 times the average number of hours worked each day in the 6-month period preceding leave (or since date of hire, if sooner); if the employee has worked for the employer for fewer than 7 days, the employee is entitled to the total number of hours worked* * Leave for recovery from side effects of vaccine/booster may be limited to 3 days or 24 hours per injection (more information below). * ADDITIONAL LEAVE in the same amounts specified above is available if the employee or a covered family member tests positive for COVID-19. - If employee is on leave as of the law's expiration date, employee may finish taking leave.	FT: 80 hours Other: 2-week average between 2/3-3/4 February 10 Order (no change in 6/24/21 Order): Full-Time (40hr/wk or classified as FT) employees are entitled to 80 hours of SPSL; leave is calculated based on the employee's average two week pay over the last 60 days of employment. Other: An amount of SPSL no greater than the employee's average two week pay over the last 60 days of employment. Note: Additional time may be required under the city's COVID-19 Vaccine Leave (enacted 6/24/21, effective 1/1/21-9/30/21).	FT: 80 hours Other: 2-week average between 1/1-4/28 Note: Additional time may be required under the county's COVID-19 Vaccine Leave (enacted 5/18/21, effective 1/1/21 until 14 days after the expiration of the COVID-19 local emergency).	FT: 80 hours Other: 14-day average between 2/3 and 3/4 (between 1/1 and 1/21/21 in Emergency Ordinance; added: any employee who worked fewer than 14 days over the period of 1/1-1/21/21 must be provided EPSL once the employee been paid for 14 days, in an amount equal to the number of hours the employee worked within the city over the 14 days) - If an employer lays off an employee, the employer must compensate the employee for all sick leave accrued under the existing Oakland Paid Sick Leave law immediately upon separation - Any EPSL time unused as of the ordinance's expiration date expires.	For the duration of a public health emergency*, PHEL must be made available to employees in the following amounts: - From October 1 through December 31, 2022, employers must provide each employee who works a full-time, regular or fixed schedule an amount of PHEL equivalent to the number of hours regularly worked in a one-week period, not to exceed 40 hours. - Employees work a variable schedule will be eligible for PHEL in an amount equal to the average number of hours over a one-week period that the employee worked or took paid leave during the previous calendar year, or since the employee's start date if later, not to exceed 40 hours. - On January 1, 2023, and each January 1 thereafter, employees who work a full-time, regular or fixed schedule are entitled to an amount of PHEL equivalent to the number of hours regularly worked in a two-week period, not to exceed 80 hours. - Employees who work a variable schedule will be eligible for PHEL in an amount equal to the average number of hours over a two-week period that the employee worked or took paid leave during the previous calendar year, or since the employee's start date if later, not to exceed 80 hours. An employer may not require that PHEL be taken in increments of more than one hour A "public health emergency" is defined as a local or statewide health emergency related to any contagious, infectious, or communicable disease, declared by the City's or County's local health officer or the state health officer pursuant to the California Health and Safety Code, or an Air Quality Emergency (when the Bay Area Air Quality Management District issues a Spare the Air Alert).
Benefit - pay	Exempt: Calculated the same as for other forms of paid leave Non-Exempt: (1) regular rate of pay, or (2) employee's total wages, not including OT pay, divided by total non-OT hours worked in the full pay periods occurring within the prior 90 days of employment. For employees paid by piece rate, commission or other method that uses all hours to determine the regular rate of pay, total non-OT wages, divided by all hours worked. Max \$511/day, \$5,110 total* Employees who reach the maximum amounts may use other paid leave available in order to receive full compensation. * If federal COVID-19 paid leave legislation is enacted that provides benefits exceeding these limits, the federal limits will apply.	100% pay Max \$511/day, \$5,110 total	100% pay Max \$511/day, \$5,110 total	100% pay Max \$511/day, \$5,110 total	For exempt employees, pay for PHEL should be calculated in the same manner as the employer calculates wages for other forms of paid leave. PHEL pay for non-exempt employees should be calculated: 1. in the same manner as the regular rate of pay for the workweek in which the employee uses PHEL, whether or not the employee works overtime in that workweek; or 2. by dividing the employee's total wages, not including overtime premium pay, by the employee's total hours worked in the full pay periods of the 90 days of employment prior to the employee's use of PHEL. PHEL may not be paid at a rate lower than the San Francisco Minimum Wage.

Documentation	- For the additional allotment of leave for a positive COVID-19 test, employers may require employees to provide documentation. - For leave associated with the employee's own needs, the employer may require the employee to submit to a diagnostic test, at no expense to the employee, on or after the fifth day after the original test was taken and provide documentation of those results. AB152 added to this: If the diagnostic test is positive, the employer may also require the employee to submit to a second diagnostic test within no less than 24 hours, at no cost to the employee. - For leave associated with the care of a covered family member, the employer may require that the employee provide documentation of that family member's test results before paying additional leave. - Employers are at no obligation to provide the additional allotment of leave to an employee who declines to provide the requested documentation. - Employers may limit leave for side effects of vaccination/booster to 3 days or 24 hours per injection unless the employee provides verification from a health care provider that the employee or their family member is continuing to experience symptoms related to the COVID-19 vaccine or vaccine booster.	Cannot be requested 6/24/21 Order: Verification of receipt of a COVID-19 vaccination may be requested.	Employer may require a doctor's note or other documentation	An employer may not require a doctor's note or other documentation for the use of Emergency Paid Sick Leave, except as certification of an underlying health condition	An employer may not require the disclosure of health information for use of PHEL, except to confirm an employee's status as a member of a vulnerable population if that employee uses PHEL in a use applicable to someone who is not a member of a vulnerable population
Employer Offset	- SPSL is in addition to leave provided under California's Healthy Workplaces, Healthy Families Act (CA Paid Sick Leave). - If an employer provided supplemental paid leave that is payable for the reasons covered by and at the same or a greater level of compensation as this law on or after January 1, 2022, the employer may count the hours of the other paid benefit or leave towards the total number of hours of SPSL required. This may include leave provided under similar law in effect or that becomes effective on or after January 1, 2022, but may not include remaining leave provided under SPSL laws previously enacted in California (including 2021 SPSL under SB95). For any such leave taken, if the employer did not compensate the covered employee in an amount equal to or greater than the amount of compensation for SPSL to which the covered employee is entitled under this law, then upon the oral or written request of the employee, the employer must provide the employee with a retroactive payment that provides for such compensation. - An employer may not require a covered employee to use any other paid or unpaid leave, paid time off, or vacation time prior to or instead of using SPSL. - SPSL does not limit an employer's obligation to comply with the Cal-OSHA COVID-19 Emergency Temporary Standards or the Cal-OSHA Aerosol Transmissible Diseases Standard. An employer may not require a covered employee to exhaust their SPSL before satisfying any requirement to provide paid leave under the ETS' or ATDS' requirements.	- An employer's obligation to provide 80 hours of Supplemental Paid Sick Leave is reduced for every hour an employer allowed an employee to take paid leave in an amount equal to or greater than the Order's requirements, not including previously accrued hours , on or after March 4, 2020, for the reasons outlined above or in response to an employee's ability to work due to COVID-19. - If an employer has a paid leave or paid time off policy that provides a minimum of 160 hours of paid leave annually, the employer is exempt from an obligation to provide supplemental leave pursuant to this Order for the Employee that received the more generous paid leave. Both of these points still apply under the February 10 and June 24 Orders.	- SPSL is in addition to any paid time off available to an employee under the California Paid Sick Leave law. - However, if an employer provided additional paid leave for COVID-19 related purposes ("Voluntary COVID-19 Leave"), above and beyond an employee's regular or previously accrued leaves (e.g., sick or personal leaves), the obligation to provide SPSL is reduced for every hour an employer allowed an employee to take the Voluntary COVID-19 Leave on or after March 31, 2020. - Employees are entitled to no more than 80 hours of Supplemental Paid Sick Leave under either FFORA or this Ordinance for the entire period beginning March 31, 2020.	- Employees may elect to use EPSL before using any other leave the employer provides voluntarily or per the pre-existing Oakland Paid Sick Leave law. Employers cannot require employees to use other leave before they use COVID-19 EPSL. - Time provided under FFORA's Emergency Paid Sick Leave Act may be credited against Oakland EPSL obligations. Emergency Ordinance: time provided prior to 1/1/21 under Oakland EPSL, FFORA, CA State EPSL (AB1887) or any similar COVID-19 EPSL legislation may be credited. - The obligation to provide EPSL does not apply to any employer that, after February 3, 2020: (1) Provides employees with the ability to accrue at least 160 hours of paid personal leave; if: a. each employee has immediate access to at least 80 hours of leave after May 12 for uses the EPSL ordinance requires; and b. any employee who used paid personal leave before May 12 and has fallen below 80 hours of accrued paid leave as of May 12, be provided additional leave to bring his or her paid personal leave balance up to 80 hours; to be used for purposes the EPSL ordinance requires OR (2) Provides its employees immediate access to paid personal leave in amounts at least equivalent to what, and for the same purposes, the EPSL ordinance requires. For this to apply, the paid personal leave must have been in addition to any paid leave the employer was otherwise required to provide pursuant to a collective bargaining agreement, employment contract, or public policy.	PHEL is in addition to any other paid leave offered to employees; however: - During 2022, if (1) an employer voluntarily extended additional paid leave or paid time off that employees may use for the same reasons covered by this ordinance's requirements and that paid leave remains in effect on or after October 1, 2022, or (2) the statewide COVID-19 Emergency Paid Sick Leave requirements are extended beyond September 30, 2022, an employer may reduce the allocation of PHEL under this ordinance for every hour an employee takes such paid leave after October 1, 2022. Note: CA state SPSL was extended through 12/31/22 by AB152. - During 2023 and subsequent years, if an employer is required by federal, state, or city law to provide paid leave to address a public health threat, which employees may use for the same reasons covered by this ordinance's requirements, the employer may reduce the allocation of PHEL under this ordinance for every hour of such paid leave the employer is required to provide.
Notice to Employees	- Notice posted conspicuously; may be distributed electronically if workers do not frequent a workplace - Inclusion of SPSL used on employee's itemized wage statement or in a separate writing provided on the designated pay date with the employee's payment of wages. SPSL must be designated separately from paid sick days. Retroactive payments described in Employer Offset above must be on the paystub for the pay period during which payment is made. Special provision for notice to variable-hour workers. Enforceable the next full pay period following 2/19/22. - Records of hours worked, leave provided and leave used must be maintained for 3 years.	None stated	None stated	Notice posted conspicuously and/or distributed to all employees, in all languages spoken by 10% of population	Employers must post a notice conspicuously in all languages OLSE makes available at any job site where its employees work and, where feasible, by providing it to employees via electronic communication, which may include email, text, and/or posting on the employer's web- or app-based platform. The amount of PHEL available must also be included on the employee's itemized wage statement or in a separate writing provided on the designated pay date with the employee's payment of wages. If an employer provides unlimited paid leave or paid time off, the employer may satisfy this requirement by indicating "unlimited" on the employee's itemized wage statement or notice. Records documenting hours worked and PHEL taken by employees must be retained for a period of four years.

Employers	All employers except the federal government	"Public accommodation facilities": hotels, casinos, bed and breakfasts, and other facilities offering rooms and areas to the public in return for monetary compensation	All employers	All employers with 25 or more employees	"Hiring Entities" operating as Food Delivery Network Companies or Transportation Services Companies who hire 250 or more "gig" workers worldwide
Eligible Employees	All employees working in CO (as defined in C.R.S. §8-4-101), excludes those subject to the federal Railroad Unemployment Insurance Act	All employees	All employees under isolation or quarantine who cannot telework	Employees who: (i) work for the employer within Philadelphia after the Ordinance's effective date, (ii) normally work for the employer within the City of Philadelphia but are currently teleworking from any other location as a result of COVID-19, or (iii) work for a given employer from multiple locations or from mobile locations, provided that 51% or more of work time is spent within the City of Philadelphia. Excludes construction craft employees who are covered by a collective bargaining agreement between a labor organization and one or more employers engaged in the construction industry.	All individuals performing "gig" work in the city <i>Amended effective September 13 by Ord. No. 126123 to exclude any gig worker considered to be an employee of a Hiring Entity subject to the city's Paid Sick and Safe Time Ordinance (Seattle Mun. Code Ch. 14.16). The Hiring Entity is responsible for providing paid time in accordance with the PSST law.</i>
Collective Bargaining Agreement Exception	A CBA that already provides "equivalent or more" paid leave, is exempt from other HFWA requirements, as long as the ways the CBA differs from HFWA would not diminish employee rights to "equivalent" paid leave. CBAs effective or renegotiated after HFWA's effective date must expressly waive the law's requirements, as well as provide equivalent or more generous leave.	Not specified	Not specified	Provisions may be waived in CBA but only if (a) the waiver is explicitly expressed, (b) the CBA provides comparable benefits, and (c) the agreement is in effect contractually. CBA terms must be implemented bilaterally. The Ordinance's requirements exclude construction craft employees who are covered by a collective bargaining agreement between a labor organization and one or more employers engaged in the construction industry.	Not specified
Benefit - time available	Employers are required to supplement an employee's accrued HFWA leave so that, as of the date a public health emergency, the employee has immediate use of the following amounts of paid leave: - FT (40 hours/week): 80 hours - Other: The greater of (1) the amount of hours the employee is scheduled to work in a 14-day period, or (2) the average number of hours the employee usually works during a 14-day period - Employees can use this supplemental leave immediately upon the declaration of the Public Health Emergency (PHE), until four weeks after the end of the PHE. - Employees are eligible for this leave once during the entirety of a PHE , even if the PHE is amended, extended, restated or prolonged (i.e., entitlement does not automatically reset each year).	- Up to 3 days of paid time off to undergo testing and await testing results, and additional paid time with documentation of a delay in testing. - Employees who receive a positive diagnosis of COVID-19 must be allowed at least 14 days off, 10 of which must be paid	10 or fewer employees nationally w/net income <\$1M: job protection for duration of quarantine order, then DBL/PFL 11-99 employees nationally, or 10 or fewer w/net income >\$1M: 5 paid days, then DBL/PFL; job protection for duration of order 100+ employees nationally: 14 paid days; job protection for duration of order. <i>January 20, 2021, guidance states that employees are entitled to COVID-19 Sick Leave for up to three mandatory or precautionary orders of quarantine or isolation issued by an authorized government agency. In addition, an employee not otherwise subject to a mandatory or precautionary order of quarantine or isolation who has been removed from the workplace by the employer due to exposure concerns must continue to be paid at his or her regular rate of pay until the employer permits the employee to return to work or the employee becomes subject to a mandatory or precautionary order of quarantine or isolation. If the latter, the employee will be entitled to COVID-19 Sick Leave for the period of time he or she is subject to the mandatory or precautionary order of quarantine or isolation.</i> <i>January 2022 update to FAQ in accordance with updated guidance (see Additional Links below):</i> Q: On January 13, 2022, the Department of Health released updated guidance allowing individuals who have been exposed to COVID-19 to end their quarantine after 5 days if they are asymptomatic and subsequently test negative, or if it is not possible to get a test and they have had no COVID-19 symptoms. How does this affect NY's COVID-19 quarantine leave benefits? A: NY's COVID-19 quarantine leave benefits are only available during the order of quarantine or isolation. Once an individual is no longer subject to an order of quarantine or isolation, they are no longer eligible for NY's COVID-19 quarantine leave benefits. <i>See note in first row regarding an update to quarantine/isolation guidance.</i>	- 40+ hours/week: 40 hours - <40 hours/week: average number of hours worked or scheduled to work (whichever is greater) in a 7-day period - Variable schedule: 7 times the average number of daily hours that the employee was scheduled over the past 90 days of work, including hours for which the employee took leave of any type. Employees who take COVID-19 Leave are entitled, upon return from leave, to be restored to the position held prior to leave.	For workers who began working for the hiring entity before July 13, 2020, hiring entities may calculate PSST entitlement in one of two ways: (1) 1 day of PSST for every 30 days worked beginning the later of October 1, 2019 or the commencement of work; or (2) Providing at least 5 days of PSST as of July 13, 2020, following which workers will accrue at least 1 day of PSST time for every 30 days worked after July 13. - Method must be filed with OLS by July 27, 2020. - Workers may carry over at least 9 days from one year to the next.

Hiring Entities may require oral or written verification for leave exceeding three consecutive days, except during a civil emergency proclaimed by a public official in response to COVID-19. The request must be made in a manner that does not result in an unreasonable burden for the worker, or intrude upon the worker's privacy. The worker must be allowed at least 10 days to provide such verification.
Employer Offset	- Employers may count an employee's accrued but unused HFWA paid sick leave toward this entitlement. Also, per 11/10/20 Wage Protection Act Rules: For the entire duration of a public health emergency, employers: 1. are required to permit employees to take both (a) HFWA time accrued prior to the declaration of the public health emergency for any of the applicable qualifying reasons, and (b) the amount of Public Health Emergency leave provided to the employee on the date of the declaration of the public health emergency; 2. remain subject to the minimum HFWA paid sick time accrual requirements; and 3. must permit an employee to use the full amount of Public Health Emergency Leave prior to using any of their time previously accrued under HFWA if the employee requires leave under circumstances that qualify for leave under both accrued HFWA leave and public health emergency leave. - HFWA does not require additional leave if an employer policy provides fully paid leave for both HFWA and non-HFWA purposes (e.g., sick time and vacation) and makes clear to employees, in a writing distributed in advance of an actual or anticipated leave request, that the company's policy satisfies HFWA requirements. If an employee uses all available paid time off for non-HFWA-qualifying reasons (e.g., vacation), additional HFWA leave need not be provided, except that if a public health emergency is declared after an employee uses some or all available paid time off for the applicable benefit year, the employer must supplement the employee's current total of accrued, unused leave in accordance with Public Health Emergency Leave requirements.	- Leave is in addition to any other leave to which the employee may be entitled, but may be deducted from leave for the employee's own health needs provided under FCRA's Emergency Paid Sick Leave Act (EPSLA)(5102(a)(1)-(3))	EPFL is separate from other accrued paid time off	- COVID-19 Leave is in addition to all other paid leave benefits offered by an employer, and may not be reduced by the amount of any paid leave a COVID-19 Leave-eligible employee has previously received. In addition, an employer may not reduce the amount of any paid leave a COVID-19 Leave-eligible employee was otherwise entitled to use or accrue under such employer's existing policies as of March 9, 2022. - An employer may not require an employee to use other paid leave available to the employee before the employee is eligible to use COVID-19 Leave, unless state or federal law requires otherwise. - Employers who adopted a COVID-19 paid leave policy may substitute that policy for requirements under this Ordinance, provided that the employer provides additional leave where the Ordinance's requirements exceed the provisions of the employer's COVID-19 policy available to a particular employee. - Employers may substitute leave under federal or state COVID-19 paid leave law for its COVID-19 Leave obligations to the extent they coincide and the relevant federal or state law permits concurrent use of paid leave. Employers shall provide additional COVID-19 Leave to the extent that the requirements of this Ordinance exceed the requirements of those laws and to the extent permitted under the federal or state law. - Employers are not required to change existing policies or provide additional paid leave if an existing company policy provides a minimum amount of paid leave in 2022 that can be used for the same purposes and under all of the same conditions as COVID-19 Leave: - Employees who perform the majority of their work through telework: a minimum of 80 hours - All other employees: a minimum of 120 hours*, whether or not this time is specifically designated as sick leave. * 112.5 hours for employers who operate on a 7.5 hour work day and consider employees working 37.5 hours per week to be full-time.	- Hiring Entities may subtract the amount of compensation provided to a gig worker for other paid leave used for purposes covered under this ordinance between October 1, 2019 and July 13, 2020
Notice to Employees	Poster displayed conspicuously and notice distributed to all employees, including the written HFWA notice among other employment-related documents (such as a handbook, a manual, or other written or posted policies) satisfies the individual notice requirement; poster and notice must be provided in English and all languages spoken by 5% of population; electronic means of distribution are acceptable.	None stated	Suggested - see Employer Responsibilities	A notice must be distributed to all employees or posted conspicuously, in all languages spoken by 5% of population, within 15 days of the law's effective date (i.e., by 3/24/22). May be provided electronically to remote employees or if the employer does not maintain a workplace. Records of hours worked, leave provided and leave used must be maintained for 2 years.	(1) Written notice of rights in a manner sufficient to reach all workers regardless whether a model notice is provided. (2) Monthly accounting of accrued, used and available PSST, as well as the applicable compensation rate, provided on the worker's pay stub, a weekly compensation statement or electronically.

Employer Offset	- SPSL is in addition to leave provided under California's Healthy Workplaces, Healthy Families Act (CA Paid Sick Leave), but is not in addition to any leave provided under Executive Order N-51-20 (for food sector workers) or SPSL provided under similar federal or local law - that time may be counted toward entitlement under this law. - A Hiring Entity may not require an employee to use any paid or unpaid leave, or time off prior to or instead of SPSL. - Hiring Entities who, as of April 16, 2020, provide leave of equivalent or greater value than, and for the same reasons for use as, SPSL are not required to provide additional leave	- SPSL is in addition to leave provided under California's Healthy Workplaces, Healthy Families Act (CA Paid Sick Leave), but is not in addition to any leave provided under Executive Order N-51-20 (for food sector workers) or SPSL provided under similar federal or local law - that time may be counted toward entitlement under this law. - A Hiring Entity may not require an employee to use any paid or unpaid leave, paid time off, or vacation time prior to or instead of SPSL. - For non-food sector workers - If a Hiring Entity already provided supplemental paid leave between March 4, 2020, and the effective date of this section for the reasons covered under this law but did not compensate the covered worker in an amount equal to or greater than the amount of compensation required under this law, the Hiring Entity may retroactively provide supplemental pay to the covered worker to satisfy the compensation requirements, in which case those hours may count towards the total number of SPSL required.	- SPSL is in addition to leave provided under California's Healthy Workplaces, Healthy Families Act (CA Paid Sick Leave). - If an employer provided supplemental paid leave that is payable for the reasons covered by and at the same or a greater level of compensation as this law on or after January 1, 2021, the employer may count the hours of the other paid benefit or leave towards the total number of hours of SPSL required. This may include leave provided under similar law in effect after January 1, 2021, but may not include remaining 2020 leave provided under AB1867 or EO N-51-20 (see previous two columns). For any such leave taken, if the employer did not compensate the covered employee in an amount equal to or greater than the amount of compensation for SPSL to which the covered employee is entitled under this law, then upon the oral or written request of the employee, the employer must provide the employee with a retroactive payment that provides for such compensation. - An employer may not require a covered employee to use any other paid or unpaid leave, paid time off, or vacation time prior to or instead of using SPSL. Exception: In order to satisfy the requirement to maintain an employee's earnings when an employee is excluded from the workplace due to COVID-19 exposure under the Cal/OSHA COVID-19 Emergency Temporary Standards or the Cal/OSHA Aerosol Transmissible Diseases Standard, an employer may require a covered employee to first exhaust their COVID-19 SPSL (see ETS FAQ link below for more information).	- The total number of hours of SPSL to which an employee is entitled are in addition to any paid sick leave that may be available to the employee under California Labor Code Section 246 (CA Paid Sick Leave), as well as any pre-existing paid time off (vacation, sick and/or PTO) provided to employees prior to March 16, 2020. - An employer may not require an employee to use any other paid or unpaid leave, sick pay, paid time off, or vacation time provided by the employer before using Supplemental Sick Leave (SSL). However, to the extent an employee has at least 80 hours of accrued paid sick leave benefits as of September 1, 2021 or at least 160 hours of a combination of paid sick leave, vacation and PTO paid time off benefits ("Accrued Leave Benefits"), the obligation to provide SSL under this ordinance will be considered satisfied. To the extent accrued paid sick leave benefits afforded employees as of September 1, 2021 are less than 80 hours, or Accrued Leave Benefits are less than 160 hours, an employer must provide SPSL to the extent of such deficiency. - An employer may credit the total COVID-19 paid sick leave hours furnished to an employee under FFCRA or Cal/OSHA regulations, as well as any substantially similar State or Federal COVID-19 paid sick leave legislation that may be enacted in the future, against this ordinance's requirements.	- Employees do not need to exhaust sick leave or other accrued leave prior to using SPSL. - An employer's obligation to provide paid supplemental sick leave benefits under the ordinance may be reduced for every hour an employer provided an employee with paid leave in an amount equal to or greater than the ordinance's requirements, not including previously accrued hours , on or after March 4, 2020, for any of the purposes described in the ordinance or in response to an Employee's inability to work due to COVID-19. - Employees with paid leave or paid time off (PTO) policies that provide at least 160 hours of paid leave annually are not required to provide SPSL.	- The total number of hours of SPSL to which an employee is entitled are in addition to any paid sick leave that may be available to the employee under California Labor Code Section 246 (CA Paid Sick Leave), as well as any pre-existing paid time off (vacation, sick and/or PTO) provided to employees prior to March 16, 2020. - An employer may not require an employee to use any other paid or unpaid leave, sick pay, paid time off, or vacation time provided by the employer before using SPSL. However, to the extent an employee has at least 80 hours of accrued paid sick leave benefits as of June 8, 2021 or at least 160 hours of a combination of paid sick leave, vacation and PTO paid time off benefits ("Accrued Leave Benefits"), the obligation to provide Marin County SPSL will be considered satisfied. To the extent accrued paid sick leave benefits afforded employees as of June 8, 2021 are less than 80 hours, or Accrued Leave Benefits are less than 160 hours, an employer must provide SPSL to the extent of such deficiency. - An employer may credit the total COVID-19 paid sick leave hours furnished to an employee under FFCRA or Cal/OSHA regulations, as well as any substantially similar State or Federal COVID-19 paid sick leave legislation that may be enacted in the future, against this ordinance's requirements.

Employer Offset	- SPSP is in addition to any other paid sick leave, paid time off, or vacation time that an employer currently provides to an employee by statute, policy, or collective bargaining agreement. - An employer may not require an employee to use other accrued paid sick leave, paid time off, or vacation time before using SPSP. - If an employer has granted additional paid sick leave (beyond any paid sick leave, paid time off, or vacation time afforded an employee by statute, policy, or collective bargaining agreement) since March 19, 2020 specifically for use for COVID-19 related matters, the employer may use those leave hours as a credit against the number of SPSP hours required by this section. - Employers that provide paid leave under California Supplemental Paid Sick Leave (Executive Order N-51-20) are permitted to offset that leave.	- SPSP is in addition to any other paid sick leave, paid time off, or vacation time that an employer currently provides to an employee by statute, policy, or collective bargaining agreement. - An employer may not require an employee to use other accrued paid sick leave, paid time off, or vacation time before using SPSP. - If an employer has granted additional paid sick leave (beyond any paid sick leave, paid time off, or vacation time afforded an employee by statute, policy, or collective bargaining agreement) since March 19, 2020, specifically for use for COVID-19 related matters, the employer may use those leave hours as a credit against the number of SPSP hours required by this ordinance. - If an employee is entitled to leave hours pursuant to Executive Order N-51-20 (now codified by AB1867), the employer may use those leave hours as a credit against the number of SPSP hours required by this ordinance.	- SPSP is in addition to any other paid sick leave, paid time off, or vacation time that an employer provided employees on or before March 16, 2020. - To the extent an employee had at least eighty (80) hours of accrued paid sick leave benefits as of the date of this Ordinance or at least one hundred sixty (160) hours of a combination of paid sick leave, vacation and PTO paid time off benefits ("Accrued Leave Benefits"), the obligation to provide Supplemental Paid Sick Leave under this Ordinance shall be deemed to be satisfied. To the extent accrued paid sick leave benefits afforded employees as of the date of this Ordinance were less than eighty (80) hours, or Accrued Leave Benefits were less than one hundred sixty (160) hours, an Employer is required to furnish Supplemental Paid Sick Leave to the extent of such deficiency. An Employer may credit the total COVID-19 paid sick leave hours already furnished to an Employee under the FFCRA or Cal/OSHA regulations, as well as any substantially similar State or Federal COVID-19 paid sick leave legislation that may be enacted in the future, against the Supplemental Paid Sick Leave obligations required by this Ordinance. Nothing in this Ordinance shall require that employers provide employees with a new accrual of Supplemental Paid Sick Leave hours.	- Employees may, but are not required to, use other accrued paid time off before using PHEL. - PHEL is in addition to any paid time off an employer offered or provided employees on or before April 17. - However, an employer's obligation to offer PHEL may be reduced for every hour the employer allowed an employee to take paid time off for reasons consistent with those outlined under the ordinance on or after February 25, 2020, not including any previously accrued hours. - Employers that provide paid leave under California Supplemental Paid Sick Leave (Executive Order N-51-20) are permitted to offset that leave. Effective 2/11/21: Emergency Ordinance 21-20 removed the requirement that employers must permit employees to use (i.e., be paid for) PHEL for hours they are not scheduled to work.	- Does not apply to any employer that provides its employees with some combination of Paid personal leave at least equivalent to the Paid Sick time required by this Ordinance. If such employer provides some combination of paid personal leave less than the Paid Sick time required by this Ordinance, the employer must comply with this Ordinance to the extent of such deficiency. - Guidance/option letter: Employers covered by the Ordinance are required to provide, on the Ordinance effective date, at least the number of paid sick leave hours required by the Ordinance, regardless of paid sick leave accrued or used by the employee prior to the effective date. The employer must provide the amount of sick leave hours needed to bring the employee up to the total hours required by the Ordinance. Effective 1/1/2021: Same as above, plus: - An employer may not require an employee to use other paid leave provided by the employer to the employee before the employee uses the paid sick time under this ordinance.	- SPSP is in addition to and independent of any form of leave (e.g., vacation, sick, or personal leaves) to which an employee may be entitled to utilize pursuant to the employer's policies. - An employer may not require an employee to use any other paid or unpaid leave, paid time off, or vacation time before or in lieu of SPSP. - If an employer provided additional paid leave specifically for COVID-19 related purposes ("Voluntary COVID-19 Leave") above and beyond an employee's regular or previously accrued leaves (e.g., sick or personal leaves between March 17 and June 30, 2020, or provided supplemental leave pursuant to the laws of another jurisdiction requiring the provision of additional paid leave specifically for COVID-19 related purposes at any time, the obligation to provide SPSP under this Ordinance may be reduced for every hour the employee was permitted to take such leave. If an employer provided Voluntary COVID-19 Leave to an employee at a rate of pay or hourly accrual rate less than that provided by SPSP, then such amounts or hours may be offset against such rates and hours as the employee would have received under SPSP.	- This ordinance is intended to provide additional COVID-related paid sick leave beyond what an employer normally provides. - Does not apply to any employer that has provided its employees, as of July 7, 2020, with some combination of paid personal leave at least equivalent to the paid sick time required by this ordinance for a COVID-related leave. An employer that provides some combination of paid sick leave less than the paid sick time required by this chapter is required to comply with this chapter to the extent of such deficiency. - To the extent that federal or state law requires employers to provide paid leave or paid sick time specifically related to COVID-19, employers may substitute leave under the federal or state law for its obligations under this ordinance to the extent those obligations coincide and the relevant federal or state law permits such concurrent use of paid leave; provided, however, that employers shall be required to provide additional paid sick leave under this chapter to the extent that the requirements of this chapter exceed the requirements of those laws. - If the employer can show that the need for an employee's requested leave is due to the employee's intentional violation of a health order, then the employer may deny the benefit. Effective 6/9/21: Employers are only required to provide the SPSP hours on a one-time basis. - To the extent an employee has at least 80 hours of accrued paid sick leave benefits as of June 8, 2021 or at least 160 hours of a combination of paid sick leave, vacation and PTO paid time off benefits ("Accrued Leave Benefits"), the obligation to provide Sonoma County SPSP will be considered satisfied. To the extent accrued paid sick leave benefits afforded employees as of June 8, 2021 are less than 80 hours, or Accrued Leave Benefits are less than 160 hours, an employer must provide SPSP to the extent of such deficiency. - An Employer may credit the total COVID-19 paid sick leave hours furnished to an Employee under the American Rescue Plan Act, AB 65 (budget act), SB 95 (CA State SPSP), and/or Cal/OSHA regulations against the Supplemental Paid Sick Leave obligations required by this Ordinance.

Employers	All employers in specified industries (expanded 4/3 and 4/27)	All employers to which FFCRA's EPSLA does not already apply	Any employer with 50-499 employees that is not a health care provider	"Essential Employers" identified by the governor or a state or federal agency as critical to remain in operation during a catastrophic health emergency. A "catastrophic health emergency" is defined as "a situation in which extensive loss of life or serious disability is threatened imminently because of exposure to a deadly agent" subject to an executive proclamation and related to a communicable disease.	All employers except the federal government
Eligible Employees	All employees of employers in specified industries	All employees not currently covered under FFCRA's EPSLA who are unable to work or telework	All employees employed for at least 15 days prior to the request for leave	"Essential Workers", defined as those who (1) perform work during an emergency that cannot be performed remotely and (2) provides services that the employer determines to be critical to its operations.	All employees whose primary place of employment is within the state of Massachusetts and who cannot work or telework. An employee's "primary place of employment" means the worksite or physical location where the employee spent the greatest percentage of work hours between the dates of January 1, 2020 and April 30, 2021; temporary telecommuting arrangements entered into during this period should not factor into this determination. For a new employee who commences work on or after May 1, 2021, "primary place of employment" means the worksite or physical location where the employee is expected to spend the greatest percentage of work hours between the first day of work and September 30, 2021, based on the work arrangement agreed upon between the employer and the employee.

Supporting documentation may be requested, consistent with FFCRA requirements.	Employers may request "reasonable" certification for absences of three or more consecutive working days. When certification is requested, the employee is not required to provide it until one week after returning to work. Employers who do not contribute to employees' health care premiums may not request documentation.	Employers may request documentation. If documentation is not provided as requested, leave may be denied.	Employers may request documentation from employees, and must do so in order to claim reimbursement from the state (see 'Benefit - pay' above). Any health information collected must be maintained separately from other personnel files, and be treated as confidential medical records in accordance with applicable state and federal law. Employers may not disclose such information without the employee's express permission.
Employer Offset	- If an employer already provides the paid leave necessary to meet the Rules, then the employer does not need to provide additional leave. However, if an employer does not already provide enough paid sick leave to comply with these rules, it will have to provide additional paid sick leave to meet the rules' requirements. - Also, if an employee already exhausted any paid leave allotted by the employer, but then has flu-like symptoms and is being tested for COVID-19 or is under instructions from a health care provider to quarantine or isolate due to a risk of having COVID-19, he or she is entitled to the additional paid sick days the Rules provide	Consistent with FFCRA (29 C.F.R. 826.160(a),(b)); see also FFCRA FAQ #32): - HFWA-required leave must be provided in addition to leave under an employer policy that existed prior to April 1, 2020, and an employee may first use HFWA-required paid leave before using any other leave under an employer policy that existed prior to April 1, 2020. - Compliance can be through a paid leave policy not limited to COVID-19 that an employer adopted on or after April 1, 2020, if it (A) provides the same quantity and pay rate of leave as HFWA, for all situations HFWA covers, and (B) lets employees take HFWA-required leave even if they already used their leave under the policy for other purposes (e.g., a vacation or a non-COVID-related health need) - Additional guidance may be found in Interpretive Notice & Formal Opinion (INFO) #6A (Notice link below).	- Employees may only use PHEL concurrently with or after exhausting other company, federal (including FFCRA) or district entitlement. - If used concurrently, the employer may reduce the payment under emergency leave by the amount provided by other paid leave. - If an employee elects to use PHEL after exhausting other paid leave, the employer may reduce the number of hours of PHEL by the number of hours of paid leave taken under federal or District law or the employer's policies. - Nothing in this section shall be construed to require an employer to provide an employee with PHEL for more than 2 full weeks of work, up to 80 hours. If an employee exhausts PHEL and subsequently informs the employer of a continued need to be absent from work, the employer shall inform the employee of any paid or unpaid leave to which the employee may be entitled pursuant to federal or District law or the employer's policies.	- PHEL is in addition to any other leave or benefit, including time accrued under the state's Healthy Working Families Act (accrued paid sick time law)	- EPSSL is in addition to other job protected time off, paid or unpaid, provided under the state's Earned Sick Time Law, federal law, company policy or Collective Bargaining Agreement; however, EPSSL may be reduced if the aggregate amount an employee would receive would exceed the employee's average weekly wage. - An employer may not require an employee to use other paid leave provided by the employer to the employee before the employee uses EPSSL, unless federal law requires otherwise. - Any employer with a separate COVID-19 sick leave policy who makes available an amount of COVID-19 sick leave sufficient to meet this law's requirements, that may be used for the same purposes and under the same conditions, is not required to provide additional leave. However, leave time taken prior to May 28, 2021, does not satisfy the state mandate, and is not eligible for reimbursement under this state program. - EPSSL may be reduced by the amount of wages or wage replacement that an employee receives for that period under any government program or law.

Employer Offset	- Covered individuals who are entitled to leave under FFCRA from a specific Hiring Entity, are not entitled to PHEL from that same Hiring Entity. - Hiring Entities may require PHEL to run concurrently with public health emergency paid leave or paid sick time provided by federal or state law unless such federal or state law prohibits the concurrent use of paid leave. A Hiring Entity must provide additional PHEL to the extent the this law's requirements exceed the requirements of the other laws. - If a Hiring Entity's existing policy provides an amount of paid sick leave that satisfies or exceeds the requirements of this law, and can be used for the same reasons and under the same conditions, the Hiring Entity is not required to provide additional paid leave.	- PHEL is in addition to all other paid leave benefits offered by an employer, and may not be reduced by the amount of any paid leave an employee has previously received, including any public health emergency leave provided in 2020. In addition, an employer may not reduce the amount of any paid leave a PHEL-eligible employee was otherwise entitled to use or accrue under such employer's existing policies as of March 1, 2021. - Employees who adopted a COVID-19 paid leave policy on or after March 6, 2020, may substitute that policy for requirements under this Ordinance, provided that the employer provides additional leave where the Ordinance's requirements exceed the provisions of the employer's COVID-19 policy available to a particular employee on or after January 1, 2021. - An employer may not require an employee to use other paid leave available to the employee before the employee is eligible to use PHEL, unless state or federal law requires otherwise. - Employees may substitute leave under federal or state COVID-19 paid leave law for its PHEL obligations to the extent they coincide and the relevant federal or state law permits concurrent use of paid leave. Employees shall provide additional PHEL to the extent that the requirements of this Ordinance exceed the requirements of those laws and to the extent permitted under the federal or state law. - Employees are not required to change existing policies or provide additional paid leave if an existing company policy provides a minimum amount of paid leave in 2021 that can be used for the same purposes and under all of the same conditions as PHEL: - Employees who perform the majority of their work through telework: a minimum of 80 hours - All other employees: a minimum of 160 hours (as long as this time is not specifically designated as sick leave)	- COVID-19 Sick Time is in addition to any paid leave or sick time provided by the employer or pursuant to the city's Paid Sick Days Act, and an employee may choose to use COVID-19 Sick Time before any sick time under the Paid Sick Days Act. - With respect to an employer that provides paid leave on the day before the effective date of this Act, COVID-19 Sick Time in addition to such paid leave; and the employer may not change such paid leave on or after such effective date to avoid being subject to this ordinance. An employer may not require an employee to use other paid leave provided by the employer to the employee before the employee uses COVID-19 Sick Time, unless state or federal law requires otherwise. - Employees may substitute leave under federal or state law for its obligations under this ordinance to the extent they coincide and the relevant federal or state law permits such concurrent use of paid leave. Employees are required to provide additional COVID-19 Sick Time under this to the extent that the requirements of this ordinance exceed the requirements of those laws and to the extent permitted. - To the extent that an employer has adopted a policy subsequent to the March 13, 2020 Declaration of Emergency which provides its employees with additional Paid Sick Leave Time specifically for use during the COVID-19 pandemic, employers may substitute leave under such employer policy for the leave required under this ordinance to the extent they coincide. Employees are required to provide additional COVID-19 Sick Time to the extent that the requirements of this ordinance exceed the requirements of their own COVID-19-specific Paid Sick Leave policy. See FAQ #6-8 (link below)	- For Full-Time workers (as defined above) employers must substitute this paid leave with any other paid sick leave provided (including WA statutory paid sick leave) if that leave is immediately and similarly available.
Notice to Employees	A notice must be distributed to all employees or posted conspicuously, in all languages spoken by 5% of population, within 15 days of the law's effective date (i.e., by 10/2/20). May be provided electronically to remote employees or if the Hiring Entity does not maintain a workplace. Records of hours worked, leave provided and leave used must be maintained for 2 years.
